A walk reliving the drama of the English Civil War Westminster is the heart of Britain's capital and the hub of the nation's three most powerful institutions – the monarchy, the government and the church. They are not always in harmony. In the 1630s and 1640s, the king and parliament were in major disagreement about religion.

Walk in the footsteps of history with this stunning volume that brings more than thirty Civil War battlefields to life. From the "First Battle of Bull Run" to Lee's surrender at Appomattox Court House four years later, this book celebrates the history and scenic beauty of these hallowed grounds in a large-format, beautifully produced volume. Explore more than thirty Civil War battlefields— from Antietam to Chancellorsville, Gettysburg to Shiloh—including the first five national battlefield parks preserved by veterans in the 1890s. Each battlefield features extensive photos of the key sites and monuments, as well as beautiful landscapes and historic archival photography. The essays enable the reader to understand each battlefield from a strategic perspective—its topography, geography, and military value—the battle's seminal moments, and its historical significance, and guide the reader on how best to tour the grounds on foot. With maps, rarely seen archival photos, and stunning contemporary photography, this photo- and information-packed book is an inspirational bucket list for Civil War and history buffs, as well as those who wish to walk in the literal boot steps of American history.

Since 1982, the renowned Civil War historian James I. "Bud" Robertson's *Civil War Sites in Virginia: A Tour Guide* has enlightened and informed Civil War enthusiasts and scholars alike. The book expertly explores the commonwealth's Civil War sites for those hoping to gain greater insight and understanding of the conflict. But in the years since the book's original publication, accessibility to many sites and the interpretive material available have improved dramatically. In addition, new historical markers have been erected, and new historically significant sites have been developed, while other sites have been lost to modern development or other encroachments. The historian Brian Steel Wills offers here a revised and updated edition that retains the core of the original guide, with its rich and insightful prose, but that takes these major changes into account, introducing especially the benefits of expanded interpretation and of improved accessibility. The guide incorporates new information on the lives of a broad spectrum of soldiers and citizens while revisiting scenes associated with the era's most famous personalities. New maps and a list of specialized tour suggestions assist in planning visits to sites, while three dozen illustrations, from nineteenth-century drawings to modern photographs, bring the war and its impact on the Old Dominion vividly to life. With the sesquicentennial remembrances of the American Civil War heightening interest and spurring improvements, there may be no better time to learn about and visit these important and moving sites than now.

In December 1864, Confederate and Union forces clashed in the Siege of Savannah. Using this guide you will tour the city's river defenses, witness the battered fortifications along the battle lines, and walk among the beautiful Southern homes, offices, and churches that survived it all. The 98 striking color photos and black and white historical views and maps enhance the experience. This useful guide is divided into four chapters. Two provide walking tours through the downtown area, including a narrative describing how events, people, and hardships of war affected the area. The other two are driving tours, allowing readers to retrace the city's defenses and the battle lines. Anyone fascinated by the Civil War or captivated by Savannah will need this book!

The year 2011 marks the sesquicentennial of the Civil War, and so the time is right for this indispensable collection of 150 key places to see and things to do to remember and to honor the sacrifices made during America's epic struggle. Covering dozens of states and the District of Columbia, this easy-to-use guide provides a concise text description and one or more images for each entry, as well as directions to all sites.

DIVRelive the historic battles of the Civil War in this comprehensive overview of all the key battle sites./div Written by expert Civil War scholar Richard Sauers, *Civil War Battlegrounds* is fully illustrated with period photography and modern artwork, bringing the pivotal battles to life for historian and tourist alike. From Fort Sumter to Gettysburg to Appomattox and points between, Sauers illuminates the path of the war, providing stories of the battles and key participants along with fascinating sidebars covering a variety of related topics. He also covers helpful visitor information for the battleground tourist, including phone numbers and websites, hours, parking details, admission fees, and available tours and programs. With its wealth of concise and engaging information, *Civil War Battlegrounds* lets you walk in the footsteps of the men and women who lived, fought, and died in this bloodiest of American conflicts.

142 two-color maps vividly depict battlefield action Detailed local driving directions guide visitors to each battlefield site Of the 384 Civil War battlefields cited as critical to preserve by the congressionally appointed Civil War Sites Advisory Commission, 123-fully one-third-are located in Virginia. The Official Virginia Civil War Battlefield Guide is the comprehensive guidebook to the most significant battles of the Civil War. Reviewed by Edwin C. Bearss and other noted Civil War authorities and sanctioned by the National Park Service and the Virginia Department

of Historic Resources, no other guidebook on the market today rivals it for historical detail, accuracy, and credibility.

For those who can't resist trying to see it all, this indispensable book contains information on and reviews of almost 450 historical sites across the United States related to the Civil War, including all 384 of the principal battlefields listed by the Civil War Sites Advisory Commission. Every entry includes an in-depth overview of the history of the battle and its importance to the war, the must-see places at each site, as well as lodging and other travel information. Outlining ten suggested itineraries for short road trips that cover every major battle of the war, *The Complete Civil War Road Trip Guide* enables historical travelers of any level to experience the Civil War as no other book has done.

The largest offensive of the Civil War, involving army, navy, and marine forces, the Peninsula Campaign has inspired many history books. No previous work, however, analyzes Union general George B. McClellan's massive assault toward Richmond in the context of current and enduring military doctrine. *The Peninsula Campaign of 1862: A Military Analysis* fills this void. Background history is provided for continuity, but the heart of this book is military analysis and the astonishing extent to which the personality traits of generals often overwhelm even the best efforts of their armies. The Peninsula Campaign lends itself to such a study. Lessons for those studying the art of war are many. On water, the first ironclads forever changed naval warfare. At the strategic level, McClellan's inability to grasp Lincoln's grand objective becomes evident. At the operational level, Robert E. Lee's difficulty in synchronizing his attacks deepens the mystique of how he achieved so much with so little. At the tactical level, the Confederate use of terrain to trade space for time allows for a classic study in tactics. Moreover, the campaign is full of lessons about the personal dimension of war. McClellan's overcaution, Lee's audacity, and Jackson's personal exhaustion all provide valuable insights for today's commanders and for Civil War enthusiasts still debating this tremendous struggle. Historic photos and detailed battle maps make this study an invaluable resource for those touring the many battlegrounds from Young's Mill and Yorktown through Fair Oaks to the final throes of the Seven Days' Battles.

'[I]n a larger sense, we can not dedicate—we can not consecrate—we can not hallow—this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our power to add or detract.' - President Abraham Lincoln

TRAVEL THROUGH A PIVOTAL TIME IN AMERICAN HISTORY Jeff Shaara, America's premier Civil War novelist, gives a remarkable guided tour of the ten Civil War battlefields every American should visit: Shiloh, Antietam, Fredericksburg/Chancellorsville, Gettysburg, Vicksburg, New Market, Chickamauga, the Wilderness/Spotsylvania, Cold Harbor, and Petersburg/Appomattox. Shaara explores the history, the people, and the places that capture the true meaning and magnitude of the conflict and provides • engaging narratives of the war's crucial battles • intriguing historical footnotes about each site • photographs of the locations—then and now • detailed maps of the battle scenes • fascinating sidebars with related points of interest From Antietam to Gettysburg to Vicksburg, and to the many poignant destinations in between, Jeff Shaara's *Civil War Battlefields* is the ideal guide for casual tourists and Civil War enthusiasts alike.
