The Daewoo LeMans is a compact car, first manufactured by Daewoo in South Korea between 1986 and 1994, and between 1994 and 1997 as Daewoo Cielo —a car mechanically identical to the LeMans, differentiated only by its modified styling cues. Like all Daewoos preceding it, the LeMans took its underpinnings from a European Opel design.

Houston with an unusual cargo: 58 trailer trucks lashed to her top deck. But they weren't trucks--they were steel containers removed from their running gear, waiting to be lifted onto empty truck beds when Ideal X reached Texas. She docked safely, and a revolution was launched--not only in shipping, but in the way the world trades. concise, colorful history of world shipping--from freighter types to the fortunes of steamship lines--and explores the spectacular growth of global trade fueled by the mammoth ships and new seaborne lifelines connecting Asia, Europe, and the Americas. Masterful maritime history, Box Boats shows how fleets of these ungainly ships make the modern world possible--with both positive and negative effects. It's also a tale of an historic home port, New York, where old piers lie silent while 40-foot steel boxes of toys and televisions come ashore by the thousands, across the
