Embroidery, a folk art with a long tradition, has an important position in the history of Chinese arts and crafts. In its long development embroidery has been inseparable from silkworm raising and silk reeling and weaving. China was the first country in the world to weave silk. Silkworms were domesticated as early as some 5,000 years ago.

Learn about the history and culture surrounding Chinese embroidery and learn to embroider yourself with this easy-to-follow and beautifully illustrated guide. Embroidery in China is a true art form, one that has been practiced for over 2,000 years. In Chinese Embroidery, you'll discover everything from the history of the art to the different schools in different ages and their styles to knowledge about selection, collection and preservation of embroidered articles. Chinese Embroidery contains over 200 full-color photos of works and step-by-step guides--all of which help to explain and analyze over twenty kinds of needlework and teach comprehensive application of these basic skills. When you reach the end of this book, you'll have learned about twenty different embroidered pieces for daily use and display purposes. Learn about the pattern-oriented art and traditional culture of China at the same time as you master the embroidery craftsmanship unique to China. Stimulate your imagination and creativity as you experience the joy of embroidery with Chinese Embroidery.

This handsome collection reproduces authentic embroidered motifs taken from Chinese opera costumes. Authentic motifs from the finest Chinese textile patterns, Buddhist murals, and other artifacts depict mythical creatures, animals, landscapes, flowers, and other subjects. The 108 designs--54 in full color and 54 of the same image in black and white - can be adapted to a variety of uses according to their configurations. Captions identify each motif and briefly indicate original source. Ideal for projects with a Far Eastern theme, these lovely illustrations offer artists and craftworkers a wealth of design alternatives.

Collaboration between the Suzhou Embroidery Research Institute and Robert Glenn Ketchum. Photographs by Ketchum were recreated as pieces of embroidery by SERI.

Influenced by mythology and religious beliefs, Chinese embroidered textiles are often admired for their intricate patterning, silken and golden threads, and traditional motifs. Chinese Embroidery: Traditional Techniques traces the history of this ancient craft comprised of stunning animals, birds, butterflies, flowers, and figures, and presents readers with the necessary tools, techniques, and fabrics used to recreate these elaborate designs.The most unique elements of Chinese embroidery, including the double-sided and double-faced techniques, are explained through clear instructions and step-by-step illustrations, as well as line drawings. Special attention is also given to the threads and their preparation--some threads used in Chinese embroidery are as thin as a strand of hair--including information on splitting, twisting, and plying.- Provides a brief history of Chinese embroidery and an explanation of the symbols and motifs used in this craft- Detailed line drawings and full-color photographs display the step-by-step process of making specialty stitches- Includes explanation of knot, seed, and flat stitches, and more

"By applying the time-honoured techniques and traditions of Japanese embroidery, beautiful beaded motifs are brought to life. Discover a whole new world of beading through the pages of this superb book which includes detailed step-by-step diagrams, full descriptions of the techniques involved and fabulous photography. Nine stunning projects are included ranging from simple beginner designs to a sumptuous evening bag."--

Presents a collection of Chinese butterfly designs, along with a CD-ROM which contains each image to use in a variety of machine embroidery projects.
