Politics of Reality includes essays that examine sexism, the exploitation of women, the gay rights movement and other topics from a feminist perspective. "This is radical feminist theory at its best: clear, careful and critical."--SIGNS "For anyone first coming to feminism, these essays serve as a backdrop . . . for understanding the basic, early and continuing perspectives of feminists.

Reality television is a genre of television programming that documents purportedly unscripted real-life situations, often starring unknown individuals rather than professional actors. Reality television first emerged as a distinct genre in the early 1990s with shows such as *The Real World*, then achieved prominence in the early 2000s with the success of the series *Survivor*, *Idols*, and *Big ...*
