How: Lie on back with knees bent and pulled in near chest. Straighten legs so they're perpendicular to the bed. Brace lower back with hands and bend at the hips to lower legs overhead, feet together. Partner can kneel behind or stand if you're near the edge of the bed.

10 Yoga Sex Positions | Shape

A slow-moving style of yoga designed to promote relaxation. What it is. In restorative yoga classes, students use a variety of body-supporting props — blankets, blocks, straps and pillows — so they can settle into poses for an extended time. Holding poses for as long as 10 minutes allows the muscles to open and stretch in a passive way.
